

Sermon outline:

Acts 14:1-18 Spiritual Warfare Sermon #2
"Our Enemies" M.O.

For the message this morning, there are three things that I want to look at that show us Satan's M.O. Three things that show us how Satan works to stop what God wants to do in people's lives. The first thing the devil does, is he:

1. P_____ (keeps people from r_____ to Jesus) 14:1-4

- a. Satan attacks the m_____ and s_____ of people. In the Greek language, the language of the new testament, that phrase "poisoned their minds" literally means to e_____ e_____ on a person's spirit.
- b. There will always be people, that no matter how the spirit of the Lord is moving around them, no matter how many life changing things God is doing, no matter how many great and wonderful things are happening because of people knowing Jesus, you will always have people that just won't s_____ it. There will always be people that when it comes to the Lord, what they will spot is always the n_____.
- c. Satan loves to use people with n_____ p_____ about God, Satan loves to use people with the negative m_____. Satan loves to use them to spread lies and create doubt in the minds of those who are still trying to make up their minds about Jesus. Satan will use them to prevent people from knowing things, g_____ things, about Jesus.

2. P_____ (works to d_____ those who follow Jesus) 14:4-6

- a. Satan loves to make our lives so d_____ that we want to give up.
- b. Satan will do all he can to get in the way of people coming to know Jesus, & Satan will attack the people trying to l_____ them there. Satan will do anything and everything to d_____ us in living out our faith. He will do everything he can to get us to q_____.

3. P_____ (t_____ the truth or t_____ our faith into something it isn't.) 14:8-13

- a. Satan takes that healing miracle, he takes what God was going to use to lead people to Jesus, and he p_____ it to keep people from coming to Jesus. Satan will stop at nothing to keep people from coming to Jesus even if it means using what God meant for g_____.
